

# e-Manufacturing & Design Collaboration Symposium 2018

[Register Now](#)

September 7, 2018

The Ambassador Hotel Hsihchu, Taiwan

**Early-bird registration: NT\$3,000 (TSIA member), NT\$6,000 before August 15, 2018**

Regular & On-site Registration: NT\$4,000 (TSIA member), NT\$8,000

\*\*\*\*\*

## Invited Speeches

- “Emerging Trends in Semiconductor Industry: Artificial Intelligence (AI) and Predictive Analytics” by Dr. John Wang, MathWorks, Inc., USA
- “Avoiding drowning in your Data Lake ...” by Dr. John Kibarian, PDF Solutions
- “How to Use Streaming Analytics to Create a Real-Time Digital Twin” by Mr. Brad Klenz, SAS Institute
- “Beyond Traditional APC” by Dr. Samer Banna, Applied Materials Inc.
- “Automated Data Analysis and Performance Tuning” by Dr. Rahul Ahlawat, CYMER, LLC
- “Applying Smart Manufacturing and Machine Learning Methods Across Global Semiconductor Ecosystems” by Dr. Paul Simon, Qualtera
